

# 15-position terminal distribution box

## Overview

This enclosure supports 15 circuits. The terminal is rated for AC 120V / 60Hz / 15A, according to UL508A:2005. Manufactured from V0 Rated ABS plastic. Easy installation with molded knockouts (13/16 in/21mm) on both ends allowing for the use of wire glands or wire clamps with. Durable Construction: The 15 way DB box features a robust ABS+PC material composition, ensuring a long-lasting and reliable performance in harsh environments. The IP50 and IP54 protection levels provide a high level of protection against dust and water ingress. Multi-Terminal Capability: This. 15 Position Barrier Terminal Blocks are available at Mouser Electronics. Featuring a high-strength ABS body and PC transparent cover, it delivers excellent waterproofing, dustproofing, UV resistance and impact performance (IP65 rated). The distribution blocks and device terminal blocks from the FIX block system are available ready to connect in different cross-sections, mounting types, and colors. The FIX blocks can be used straight away and extended as needed.
