

Bjx explosion-proof box explosion-proof distribution box

Overview

Explosion proof junction box, explosion protected terminal box 2, AC 380V 3, IP65 4, Applying for ATEX approval Designed for petroleum exploitation, refinery, chemistry, medicine, textile, painting, military and military facilities etc. site with explosive.

Click here to download the product PDF: Explosion-Proof Junction Box JX GB/T3836.31 IEC60079-0 IEC60079-1 IEC60079-7 IEC60079-31 1. The enclosure is constructed from die-cast aluminum alloy or welded steel plate (stainless steel), undergoes high-speed shot. A1: Yes, We are a professional manufacturer of explosion-proof products, founded in 2010 and relocated to Yushan Economic Development Zone in Jiangxi Province in 2018. Our factory includes an R&D center, aluminum casting workshop, powder coating workshop, processing workshop, and necessary testing. The shell of the explosion-proof control box is made of aluminum alloy, and the surface is high-voltage electrostatic spray with beautiful appearance. It is mainly suitable for IIA, IIB, IIC explosive gas environments. Direction and size of cable entry can be customized on request.

BJX Explosion-Proof Junction Box-Xianghua Technology

Please specify the model specifications, rated current, explosion-proof mark, thread specifications, and quantity in detail when ordering; If there are special requirements, please specify separately.

Buy In Bulk Explosion Proof Terminal Box Zone 1 Electrical Box ...

An explosion-proof terminal box is a critical safety device designed to contain any internal electrical sparks or explosions, preventing them from igniting flammable gases, vapors, or dust in hazardous

Bjx Explosion Proof Junction Box

Bjx Explosion Proof Junction Box, Find Details and Price about Explosion Proof Empty Enclosures Explosion Proof Illumination Distribution Box

Explosion-Proof Junction Box BJX-II | Product Center

BJX-II Explosion-Proof Junction Box secures electrical wiring in explosive areas, preventing sparks from igniting hazards.

HELON BJX Explosion Proof Terminal Box

HELON BJX Explosion Proof Terminal Box adalah solusi ideal untuk aplikasi kelistrikan di lingkungan berbahaya, dirancang khusus untuk melindungi sistem kelistrikan dari risiko ledakan dan kebakaran.

BJX type explosion proof connection box (IIB,IIC)

Shell compact structure, high density material strength, Explosion-proof performance, the surface of plastic power adhesion ability with good anti-corrosion, the surface smooth, elegant appearance.

Stainless Steel Explosion-Proof Junction Box BJX

BJX Stainless Steel Explosion-Proof Junction Box ensures safe wire connections in explosive areas, preventing sparks and hazards.

Bjx 220/380V 10-400A Explosion Proof Anti-Corrosion

We are Bjx 220/380V 10-400A Explosion Proof Anti-Corrosion Junction Box Control Box Distribution Board Panel manufacture and supplier, provide Bjx 220/380V 10

Factory Direct: Explosion Proof Anti-Corrosion Junction

Explosion-proof junction box is a special power distribution equipment used in various high-risk places. Compared with civilian junction boxes, it is a power

ATEX Certified BJX Explosion-Proof Aluminum Alloy Junction Box

BAXIT Product Name Explosion proof junction box Rated voltage 220V/380V Rated current 1-630A Protection level IP65 Corrosion protection grade F1/WF1/WF2 branches No circuit limit Product

Factory Direct: Explosion Proof Anti-Corrosion Junction

BJX 220/380V 10-400A Explosion proof anti-corrosion junction box The shell of the explosion-proof control box is made of aluminum alloy, and the surface is high

Explosion-Proof Junction Box BJX-I | Product Center

BJX-I Explosion-Proof Junction Box ensures safe electrical connections in flammable environments, guarding against sparks and explosions.

Helon BJX Terminal Box Explosion Proof

Helon BJX adalah terminal box explosion proof untuk instalasi elektrik industri yang tersertifikasi ATEX, IECEx dan IP66
