CE Certified Edge Data Center 42U

Overview

Each system supports up to 8x 42U racks with integrated cooling, power, and optional shielding. Whether you're running AI, ISR, or enterprise workloads, our container data centers offer a faster, more flexible alternative to traditional builds for edge computing. Enjoy quiet, localized computing in busy or noise-sensitive areas without disrupting work environments. Pre-equipped with smart features and an energy-efficient cooling system, the EDGE-3 offers. This SmartRack® 42U rack enclosure is designed for server rooms, IT closets, micro data centers, edge computing applications and other environments with essential rack-mount IT equipment. Constructed from heavy-duty steel with a durable black powder-coated finish, the SR42UB has a maximum. MS (Edge Manangement System). The 42U cabinet removes up to 28. 9%) of IT noise, which is tech terms for saying that it will reduce server noise down to a whisper, the soundproof material.
