

Cable tray elbow factory offers a full range of accessories

Overview

Wire mesh cable tray, cable bridge, cable trunking, cable ladder, wire channel, strut channel and accessories. Our products can be widely used in construction, energy, power and plant. We have passed ISO 9001 quality management system certification, UL certificate (USA) and CE. Cable tray fitting accessories, also known as cable tray accessories, are a wide range of components used to connect, support, or change the direction of mated cable trays. Users can achieve design flexibility with numerous sizes of horizontal and vertical elbows, adjustable elbows, cross pieces, tees, reducers, and branches. These structures, typically made from materials such as steel, aluminum, or fiberglass, are designed to support and protect cables, wires. With non-slip treaded covers to optimize slip resistance, the BKRS Walkable Cable Tray ensures your cables get the best defense.
