

How much does it cost to splice fiber optic cables per day

Overview

Per-splice pricing often ranges from \$200 to \$600, depending on the equipment and skill required. Repair projects combine several cost categories. For most commercial projects, expect to pay \$50-\$150 per fusion splice point - but that number can swing in either direction based on the factors below. Understanding these factors can help businesses and individuals budget effectively for fiber optic. This price is fixed unit cost. Splicing Services - Enclosure Prep. 00 per Enclosure Point Travel/Mobilization - Travel/Mobilization will not be charged if the labor for each trip/phase exceeds the minimum labor work as indicated below. This. I usually bill T&M, but it works out to about \$175-250 for setup/teardown per site and \$4-7 per fiber for prep in a new tray in an existing case and splicing depending on if it's flooded or dry cable. Add another \$50-75 to prep a new case endspan or \$100-150 for a new case midspan with overcut on. The cost of terminating fiber optic cable can vary widely based on several factors, including the type of fiber, the termination method, and the equipment used.
