

How much does the mainboard of the power distribution box cost

Overview

A typical home replacement for a 100-125A indoor panel runs about \$1,200-\$2,500 in parts and labor; a 200A outdoor upgrade with new meter socket can reach \$3,000-\$6,000. Assumptions: standard conduit routing, existing wiring reachable within 10-30 feet, and a single dwelling. Buyers typically pay for a full panel replacement, including labor, materials, and permits. The article outlines cost ranges, per-unit pricing, and practical. Check each product page for other buying options. Need help?

Online shopping for PDUs - Batteries, Chargers & Accessories from a great selection at Electronics Store. Notably, distribution board prices vary significantly based on type, capacity, features, and build quality. You might find a small plastic unit for the price of a fancy dinner, or an industrial-grade stainless steel beast that costs as much as a compact car. The “how much” depends entirely on.
