

Huawei Industrial 10 Gigabit Switches

Overview

S6720-HI series full-featured 10 GE routing switches are Huawei's first IDN-ready fixed switches to provide 10 GE downlink ports as well as 40 GE and 100 GE uplink ports. Huawei's comprehensive portfolio of products and solutions enables you to realize smooth digital transformation and rapid growth of virtualization, Big Data, and cloud services. Huawei switches already help customers achieve success in industries such as finance, Internet, retail, education. The S6300, one of the best-performance switches in the industry, provides a maximum of 24/48 full-line-speed 10-gigabit interfaces, which gives possibility to high-density access of 10-gigabit servers in a data center and high-density convergence of 10-gigabit devices on a campus network. Learn more about Allied Telesis. The Huawei S310-24P4X Managed Switch is a high-performance, compact network switch designed to support 24 Gigabit Ethernet (10/100/1000BASE-T) ports and 4 SFP+ ports for 10 Gigabit Ethernet connections. With 400 W PoE+ support, it provides power to connected devices such as IP cameras, wireless.

Article Content

SWITCH HUAWEI S220-24P4X, Gigabit, Managed, 24 Porte eth.

Lo switch Huawei S220-24P4X è particolarmente indicato per aziende che necessitano di una soluzione affidabile per la gestione di numerosi dispositivi di rete, garantendo alimentazione PoE+ e

Intelligent OptiX Network | OptiX | All-Optical

Huawei's intelligent OptiX network strategy aims to build intelligent, simplified, ultra-broadband, and ubiquitous next generation all-optical networks.

Huawei Core Switch

Types of Huawei Core Switches Huawei's core switches are mission-critical networking hardware designed to manage massive data traffic and ensure high-speed, reliable routing across enterprise

Huawei Enterprise Sx700 Series Switch Product

Huawei's advanced switching architecture permits rapid bandwidth expansion. The highly expansible backplane enables ports to be upgraded to a rate of 40 Gbit/s or 100 Gbit/s, and is compatible with

Huawei 8 Port SFP Network Switch S5700-10p-Li-AC

Ideal for use as an access or aggregation switch in a campus network, or to provide Gigabit access in an Internet data center. Huawei S5700-10P-LI-AC switch

S6320-SI Series Multi-Gigabit Switches

S6320-SI Series Multi-Gigabit Switches Huawei S6320-SI series switches are Huawei-developed next-generation multigigabit 10GE fixed switches. The

CloudEngine S6730-H Series 10 GE Switches | Huawei |

Industry-leading 10 Gigabit port density, a single unit can support up to 48 full wire-speed forwarding 10 Gigabit ports, making it the best choice for Wi-Fi 6 uplinks.

S6300 Series 10GE Switches

The S6300 has industry-leading performance and provides up to 24 or 48 line-speed 10GE ports. It can be used in a data center to provide 10 Gbit/s access to servers or function as a core switch on a

CloudEngine S5735I-H-V2 Series Industrial Switches

Huawei CloudEngine S5735I-H-V2 series industrial switches (rack-mounted) are next-generation industrial switches that provide flexible all-gigabit access and

S6300 Switches

Product Overview S6300 switches (S6300 for short) are next-generation box-shaped 10-gigabit switches developed by Huawei for accessing 10-gigabit servers in a data center and converging devices on a

Industrial 10G Ethernet Switches | Rugged 10Gbps Switches for Harsh ...

Our rugged 10G switches provide reliable performance for critical industrial networks. Equipped with advanced features like VLAN, QoS, link aggregation, and redundancy, these ruggedized 10G

Huawei S6720-30L-HI-24S Switch S6700 switch

The S6720-EI has industry-leading performance and provides line-speed 10GE access ports and 40GE uplink ports. It can be used in a data center to provide

Huawei 24 port gigabit switch

Roughly \$90, verified supplier offers the Huawei 24 port gigabit switch, suitable for enterprise-level network management. Ideal for resellers and wholesalers.

Huawei Ethernet Switches

For small- to medium-sized businesses and Internet cafes, the energy-saving Ethernet access switches with rich service features are easy to install and maintain.

Campus Switches | Huawei Enterprise

Huawei campus switches offer high-performance, secure, and reliable switching for enterprises, governments, finance and manufacturing networks. Learn more.

CloudEngine S5731-S Series Switches | Huawei

CloudEngine S5731-S series multi-GE switches are gigabit access switches that offer multi-GE downlink ports and 10GE/40GE optical uplink ports. Learn more.

Huawei S6320-SI Series Switches Product Brochure

Product Overview Huawei S6320-SI series switches are Huawei-developed next-generation multigigabit 10GE fixed switches. The S6320-SI can provide high-speed wireless access, and access for 10GE

Huawei S310-24P4X Switches, 24 x 10/100/1000BASE-T Ports, 4 x

The Huawei S310-24P4X Managed Switch is a high-performance, compact network switch designed to support 24 Gigabit Ethernet (10/100/1000BASE-T) ports and 4 SFP+ ports for 10 Gigabit Ethernet

AT-IE220-10GHX-980

The new upgraded tool is replacing Toolbox PLUS on May 29, 2026. Learn more about Allied Telesis.

10 Gigabit Ethernet Switches | 10GbE Ethernet Switches | EtherWAN

Unlock next-level performance with EtherWAN's industrial 1G and 10G Ethernet switches —engineered for high-density deployments and future-ready networking. Designed to meet the demands of modern

Huawei CloudEngine S5735I-S-V2 Series Industry Switches Datasheet

Huawei CloudEngine S5735I-S-V2 series industry switches (S5735I-S-V2 for short) are next-generation standard Layer 3 gigabit switches that provide flexible all-gigabit access and GE/10GE uplink ports.

S6320 Series Next-Generation Enhanced 10GE

The S6320-EI series switches are next-generation 10G box switches. The S6320 can function as an access switch in an Internet data center (IDC) or a core

S5320 Gigabit Ethernet Switches — Huawei products

The S5320 series gigabit Ethernet switches are energy-saving switches developed by Huawei to meet the demand for high-bandwidth access and Ethernet multi

S6300 Switches

The S6300 provides the most 10-gigabit ports and the largest switching capacity among similar switches in the industry. A single S6300 can provide a maximum of forty-eight 10-gigabit ports for line-speed

S6700-24-EI Switch S6700 price and specs PN

The S6700 is ideal for use as access switches in large-scale data centers and core switches in campus networks. The S6700 has industry-leading performance and

S6720-HI Series Full-Featured 10 GE Routing Switches

S6720-HI series full-featured 10 GE routing switches are Huawei's first IDN-ready fixed switches to provide 10 GE downlink ports as well as 40 GE and 100 GE uplink ports. S6720-HI series switches

Network Switches | Huawei Enterprise

Huawei Ethernet Switches Turbocharge your enterprise network with high-performance, high-availability for resilient services and simplified management.

HUAWEI 98012375 S220-24T4X Netzwerk Switch

Online kaufen HUAWEI 98012375 S220-24T4X Netzwerk Switch – Grosse HUAWEI Auswahl mit bis 4 Jahren Garantie 24-Stunden-Lieferung
