

Huijue 6th Generation Fiber Optic Switch

Overview

The S6700 series switches (S6700s) are next-generation 10G box switches. VERSITRON manufactures a wide range of fiber optic switches that provide links for your 10Base, 100Base, 1000Base Gigabit, and 10 Gigabit networks simultaneously. Various port sizes are available ranging from 4 up to 52 ports. We offer solutions that provide seamless transmission and conversion. CloudEngine S5736-S Series Switches are standard multi-GE access switches for the Wi-Fi 6 era, featuring 24 downlink ports, four 10 GE SFP+ uplink ports, and one extended slot. Powered by Huawei's unified Versatile Routing Platform (VRP), the switches offer a range of capabilities, including high performance, high reliability, cloud management, and intelligent operations and maintenance (O&M). They are purposebuilt with security, IoT, and cloud in mind. With these traits, CloudEngine S6730-H-V2 can be widely used in enterprise campuses, colleges/universities, data centers, and other. At the heart of every fiber-to-fiber and fiber-to-device interconnect is a precision fiber optic interconnect assembly. com is committed to using the most advanced precision component design, metrology and manufacturing technology.
