

Huijue Distribution Box 48 Circuits

Overview

The Huijue Group HJ048 Small Integrated DC Power Supply is an IP65-rated outdoor power solution operating at 48V, multi-output, remote monitoring, with advanced protection. It is designed for applications within mobile networks and WLAN. The Huijue HJ-501 Low Voltage Electrical Distribution Box is designed for efficient, safe, and reliable power management in both residential and commercial environments. Crafted from high-quality stainless steel and steel sheets, this distribution box offers superior durability and corrosion. Huijue 48V/600Ah industrial battery backup and energy storage system boasts high energy density, efficient charge-discharge conversion, and a robust BMS with multiple protection features. It's flexible, scalable, upgradeable, and features high modularity, simplicity, and ease of. Huijue Group's energy storage solutions (30 kWh to 30 MWh) cover cost management, backup power, and microgrids. With the battery modules, long backup can be ensured when combined. It offers robust load management with LOAD0~LOAD2 delivering up to 40A per output and LOAD3~LOAD6 supporting 25A per output, with a combined maximum output current of 60A.
