

Lc Multi-fiber Optic Module

Overview

The Multi-Mode SFP LC module is equipped with a duplex LC fiber connection interface, and supports gigabit multi-mode fiber connections for long distance networking applications. Long distance fiber networking for manufacturing, business parks, and school campus applications. Power Consumption CLASS 1 LASER PRODUCT, IEC/EN 60825-1:2014 Do not look into the ends of the fiber optic cable or SFP module while converters are. This is a standard SFP+ optical module. This product need to use in pair and match up with fiber converter and optical Ethernet switch with SFP slot, it can be used in Ethernet, telecom and. LC fiber connectors, as the most well-known representative of SFF (Small Form Factor) connector, are widely adopted in today's LAN and data center cabling. Mouser offers inventory, pricing, & datasheets for LC Multimode Fiber Optic Cable Assemblies. Compliant with SFP MSA and SFF-8472. Our professional services team are on hand to support you.
