

Network Rack Top Lighting

Overview

Rack-integrated lighting improves visibility inside data racks, enhances operational efficiency, and reduces cooling load. Vertical beam angles, 200 lx minimum vertical illuminance, 500 lx for service tasks. com for performance connectivity accessories. Illuminate your 19" rack with Penn Elcom's rack lights, designed to provide vibrant, targeted lighting for equipment racks, server cabinets and AV systems. Ideal for dimly lit environments such as server rooms, control centres, staging areas, studios and AV installations, these rack-mount lights. Since 2008, NavePoint has been a provider of high-quality IT networking and A/V products. Install the fluorescent light panel horizontally on the mounting rail, on either the front or rear of the rack.

Communicate a status at a glance by wiring these strip lights to change color when a part is malfunctioning inside your enclosure. LED bulbs are long-lasting and don't get hot, which protects your electronics. They have a low-profile design for.
