

Optical distribution box with 1440 cores fully configured

Overview

19-inch fiber optic distribution frame with 1440 cores for fiber optic terminal box applications, compatible with FC, LC, SC, and ST patch cables. As a professional manufacturer with. A: Our main product ranges Fusion Splicer,SFP+ Modules,GEPON OLT, GEPON XPON ONU, with good quality and factory direct price. Can I customized the products?

A: some products are customized, any specification will be accepted. Please kindly tell our your request. is located in Xianghe County Development Zone, Langfang City, Hebei Province,'China. The company's existing production and processing basefor more than 20,000 meters, the company's existing staff of more than 200 people,in product development. Fiber optic cabinet is a high-capacity, high-density fiber distribution frame, suitable for the composition and distribution of fibers in optical access network to achieve the fiber optic lines connection, distribution and scheduling. ● Transparent front door, visibility good.
