

Price of Distribution Box Wiring Project

Overview

New panel box pricing typically ranges from about \$150 to \$1,900 for parts and labor, with most residential projects landing between \$450 and \$1,500 depending on amp rating, gauge of wiring, and labor complexity. Understanding distribution box cost involves examining the comprehensive investment required for electrical distribution systems that serve as crucial infrastructure components in residential, commercial, and industrial settings. This article breaks down typical price ranges and driving factors to help homeowners and contractors budget effectively. If you're planning any electrical work, one of the small but important items on your list will be the junction box. Accurate cost estimating is essential for profitable electrical work.
