

Quick Connector for Drop Cable

Overview

Also known as Fast Connectors or Quick Connectors, these pre-polished, mechanical splice solutions allow for rapid, low-loss connections in FTTH drop cable deployments without the need for fusion splicing. Proven mechanical splice technology ensuring precision fiber alignment, a factory pre-cleaved fiber stub and a proprietary index-matching gel combine to. Drop Cable Toolless LC UPC Singlemode Fast Connector featured in simplifying the installation for fiber termination and eliminating the need for hand polishing in on-site practice. This product is intended for use where an installer needs a quick and easy one-stop solution for an internal/external drop cable. QuikPush[®] cable assemblies offer a flexible, pushable pre-terminated fiber optic drop solution for fast and reliable FTTX deployments. At just 3 mm outer diameter, the Miniflex[®] drop cable is also one of the smallest cables in the industry. It facilitates quick field termination of fiber optic cables, making it ideal for applications. LCUPC Fiber Adapters are Pre-Cleaned & Extend LCUPC Optical Cables. Connects SM Simplex or Duplex Cables Need help?
