

Syrian Fiber Optic Connectors

Overview

The BARQ NET FTTP initiative represents Syria's comprehensive fiber-to-the-premises infrastructure deployment across all 14 governorates: Damascus, Aleppo, Homs, Latakia, Hama, Tartus, Deir ez-Zor, Ar-Raqqah, Al-Hasakah, Daraa, Idlib, As-Suwayda, Quneitra, and Rif Dimashq. The Ministry of. Five major regional Internet companies are bidding for Syria's \$400-\$500 million SilkLink overland data cable project Syria is expected to award a national fiber optic network contract next month, following final bid submissions from regional telecom companies. The SilkLink project provides a. Do you also provide customisation in the market study?

Yes, we provide customisation as per your requirements. To learn more, feel free to contact us on sales@6wresearch. This collaboration marks a pivotal moment for the nation's. Saudi Arabia's Crown Prince Mohammed bin Salman during the US-Saudi Investment Forum at the John F Kennedy Center for the Performing Arts in Washington, DC, on 19 November 2025 (Brendan Smialowski/AFP) Saudi Arabia wants to replace Israel with Syria as the transit country for a fibre-optic cable. The SilkLink project is a new national initiative to build a 4,500 km long, 100 terabits per second fiber optic cable across Syria. It will connect Syrian cities and transform Syria into a digital corridor between Asia and Europe, with submarine landing stations in Tartus and inland data centers.
