World Governments Summit – Dubai, United Arab Emirates – 05 February 2026 – The UAE Ministry of Energy and Infrastructure, Khazna Data Centers, and Agility today announced a pilot to implement Phaidra's AI technology to accelerate energy efficiency across data centers and district cooling. DUBAI, 4th February, 2026 (WAM) -- The UAE Ministry of Energy and Infrastructure, Khazna Data Centers, and Agility today announced a pilot to implement Phaidra's AI technology to accelerate energy efficiency across data centers and district cooling operations in the UAE. The announcement was made on the sidelines of the World. A new pilot program aimed at accelerating energy efficiency in UAE data centers and district cooling operations has been launched through a partnership between the UAE Ministry of Energy and Infrastructure, Khazna Data Centers, and Agility. Revealed during the World Governments Summit in Dubai. In a landmark achievement for regional and global connectivity, e& UAE and New York University Abu Dhabi (NYUAD) have jointly demonstrated the first 6G Terahertz (THz) pilot in the Middle East, achieving record-breaking throughput of 145 Gbps. The announcement was made at the World Governments Summit in Dubai.
