

Uzbekistan procures AI server QSFP

Overview

This agreement paves the way for ARB IOT to supply 500 units of state-of-the-art ARB-222 AI servers (" AI Products ") to provide high-performance immersible computer servers to GKSB in a deal valued at approximately US\$45. UNDP works in about 170 countries and territories, helping to eradicate poverty, reduce inequalities and exclusion, and build resilience so countries can sustain progress. As the UN's development agency, UNDP plays a critical role in helping countries achieve the Sustainable Development Goals. Kuala Lumpur, Malaysia, March 04, 2025 (GLOBE NEWSWIRE) -- ARB IOT Group Limited (" ARB IOT " or the " Company ") (NASDAQ: ARBB) today announced that it has, through its indirect wholly owned subsidiary, ARB IOT Group Sdn Bhd, signed an artificial intelligence (AI) Products Supply Agreement with. The authorities also plan to create a \$200 million AI center and increase IT service exports to \$5 billion. Uzbekistan is accelerating the development of artificial intelligence and the digital economy, making them one of the key foundations of future economic growth.
