

Wall-mounted optical distribution box and bracket

Overview

This optical fiber distribution box integrates essential functions—splicing, splitting, storage, distribution, and routing—into one wall-mountable unit. Its modular, user-friendly design simplifies network expansion while delivering superior durability and long-term reliability. CommScope offers a complete line of easy-to-use access terminals, copper and fiber splice closures, patch closures and accessories to speed deployment. We no longer actively offer this product. We separate these products into multiple groups based on application to meet your specifications for mount location and termination. Multilink wall mount fiber distribution boxes include solutions for patch cable interconnection or a combination of splicing and patching. Our wall mount. With features like integrated fiber management and easy cable distribution, Optical Cable Corporation's Wall Mount Cabinets (WTC) provide a solid foundation for any fiber optic application. Each cabinet may be ordered empty or loaded to meet exact specifications.
