

# Where is the router s fiber optic interface

## 6

### Overview

Fiber optic modem (ONT): Most fiber connections require an Optical Network Terminal (ONT), provided by your ISP. Compatible router: Verify that your router supports fiber optic input (look for an SFP or WAN port labeled "ONT" or "Fiber"). Due to its high reliability and extreme speed, it has become the latest standard in the network sector. This type of internet uses fiber optic cables in the form of light, and not. What is the default Wi-Fi password for the Altice Labs FGW GR140DG?

The default Wi-Fi password can be found on the FiberGateway Sticker located on the outside of the device. An example shows "pepper123. This. Operation is subject to the following two conditions: 1. This device may not cause harmful interference and 2. 1 Summary The FiberGateway is an Optical Terminal Equipment (ONT) unit for Passive Optical Networks (PON) termination in a FTTH (Fiber-To-The-Home) service delivery. To set up your router for fiber internet quickly, connect the router to your fiber modem, access the router's settings via a web browser, and input the provided ISP credentials.
